

The CETEC and  
Monash Science Centre  
**SCIENCE CLUB**

**CETEC**

Professional Scientific Solutions

**MONASH** University

Monash Science Centre and CETEC Pty. Ltd. are inviting young science enthusiasts aged between 11 and 14 years to join our eagerly awaited Science Club!

This unique program is run by Monash Science Centre Teaching Staff and offers students the opportunity to meet and learn from Guest Monash University Research Scientists and Lecturers from a vast range of fields. Topics in 2010 include:

- ⊗ Palaeontology
- ⊗ Inorganic Chemistry
- ⊗ Muscle and Exercise Physiology
- ⊗ Astrophysics

Over the course of the program students will develop skills required for science inquiry through extensive and exciting experiments and projects. Students will conclude 2010 by gaining the confidence to coordinate and complete their own experiments from objective to conclusion.

Where: Monash Science Centre

When: Meetings run for 2 hours and take place on the second Saturday of each month. The program will run from July to December in 2010.

Who: The Science Club is open to children aged between 11 and 14 years who have a passion for science, knowledge and exploration.

Cost: Payment per month costs \$38. Alternatively you may pay all sessions up front for \$210 (\$35 per session).

How to join: Call our office on 9905 1370 to secure your child's place. Alternatively you may download and fill out our registration form on our website.
